

CAMPBELL & PARTNERS
EUROPEAN RECRUITMENT CONSULTANTS

Ref No: DA/1274

FINANCE MANAGER

Client:

One of the world's most successful e-commerce companies. For the European Online Display Advertising team, we are now looking for an experienced finance leader to assume ownership of the business unit's financial controls, pricing and monetization strategies.

Location: Munich

Responsibilities:

- lead the development of quantitative models to evaluate and implement new strategies
- maximize advertising revenue and yield optimization across multiple web properties
- provide market level analysis and guidance
- provide business partner support to ad product and sales teams in evaluating new opportunities
- communicate insights and recommendations
- support ongoing financial processes

Requirements:

- university graduate in a relevant discipline
- additional MBA or similar qualification an advantage
- proven web, statistical or business analytical expertise
- experience in a fast-paced environment/blue-chip company
- demonstrable management experience an advantage
- fluent English, ideally with another European language
