SENIOR VAT MANAGER

Client:

One of the world's most successful e-commerce companies. In order to strengthen the tax dept, we are now looking for a skilled professional to focus upon VAT advisory ie both new initiatives and on-going business, across Germany and Central Europe.

Location: Munich

Responsibilities:

- VAT planning, compliance and documentation
- lead the day-to-day VAT effort
- liaise with local business partners to structure transactions
- provide VAT technical advice to support CE VAT requirements
- liaise with relevant tax authorities
- promote VAT awareness and knowledge at operating level and staff training
- direct and develop the VAT Manager reporting to you
- liaise with business units re changes to systems, policies and procedures

Requirements:

- university graduate in accounting, law and/or taxation
- at least 12 years' professional experience in European VAT advisory in a large public accounting firm and/or multinational corporate tax dept
- in-depth knowledge of German and EU VAT
- strong tax operational background and able to drive process improvements
- a team player, confident in communicating with others
- able to think strategically and operate at a tactical level
- able to identify and manage VAT and execution risks
- experience of evaluating and advising on business initiatives
- able to support complex audit and controversy projects
- fluent in English and German
